Response to Arguments

Claim Rejections - 35 USC § 102

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

a. Claims 6-7 and 12 are rejected under 35 U.S.C. 102(b) as being anticipated by Reinbolt. The rejection from the previous action is incorporated herein. Applicant claims, “..such that the *hollow tube is configured to offer* resilient resistance to the user’s vaginal compression when fluid in the tube is forced by the user’s vaginal compression”. As broadly claimed, the tubing [Reinbolt] is made from a flexible material, as is applicant’s invention, which is capable of offering resistance upon compression of a user’s muscles (page 1, abstract, column 2, line 25). Reinbolt discloses two orifices 160 and 180 to facilitate fluid flow between the two internal chambers and in column 3, lines 34-68 and column 4, lines 1-22, Reinbolt suggest a preferred embodiment of a tube insertable into a vaginal area which has two portions. In summary, Reinbolt is capable of performing the function of the instant invention and meet the structural limitations of the claims.

Conclusion

Art Unit: 3764

2. Claims 8-10 and 11 objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.
3. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the mailing date of this final action.
